Our next speaker has delivered over two thousand presentations across all 50 states and 32 countries, been named to the Top 30 Global Gurus for Leadership six years running and worked with Fortune 500 companies around the world to build more engaged teams, stronger leaders, and higher profits.

He served as team physician for the Super Bowl Champion St. Louis Rams and the NBA Champion Miami Heat, which inspired his first book, *"Living a Championship Life: A Game Plan for Success."*

His bestselling follow-up, *"The Solutions Oriented Leader,"* has become a go-to resource for executives who want world-class results without the world-class headaches.

His keynotes are high energy, actionable, and built to create real transformation, not just a good morning.

But here is what he is truly famous for.

He survived 24 days overseas, alone, with his 16-year-old daughter, under two brutal conditions: no cell phone and no computer. If you have a teenager, you already know that deserves its own award.

BIG FINISH

Please join me in welcoming the one, the only, Dr. Rick Goodman!
